Re: Support for the Sunnyside Housing Project

Dear Clerk,

On behalf of the Saint John Construction Association (SJCA), I am writing to express our strong support for the Sunnyside Housing Project. This initiative represents a critical opportunity to address the growing need for affordable and accessible housing in our community while contributing to the economic and social vitality of Saint John.

The SJCA recognizes the Sunnyside Housing Project as a significant step forward in tackling the housing challenges that many residents face. By creating safe, high-quality, and affordable housing options, this project will not only provide much-needed homes but also support broader community well-being and growth.

As an Association representing the local construction industry, we are keenly aware of the positive impact such projects have on the local economy. The construction of the Sunnyside Housing Project will create jobs, generate economic activity, and showcase Saint John's commitment to sustainable and inclusive development.

We strongly urge City Council to approve and prioritize this project, as it aligns with the city's goals of fostering economic growth, supporting vulnerable populations, and building a vibrant and thriving community for all.

The Saint John Construction Association is prepared to collaborate and lend our expertise to ensure the successful implementation of this important initiative. We look forward to seeing the positive outcomes that the Sunnyside Housing Project will bring to our city.

Thank you for your time and consideration. Please do not hesitate to reach out if we can provide further support or information.

Sincerely,

Ariene Dunn
Chief Executive Officer
