Primary Author	Commissioner/Dept. Head	City Manager
<b><i>Rachel Van Wart</i></b>	<b><i>J Hamilton /A Poffenroth</i></b>	<b><i>John Collin</i></b>

### ***RECOMMENDATION***

RESOLVED, that the building located at 1536 Loch Lomond Road, PID# 312744, is to be demolished as it has become a hazard to the safety of the public by reason of dilapidation; and

BE IT FURTHER RESOLVED, that said building is to be demolished as it has become a hazard to the safety of the public by reason of unsoundness of structural strength; and

BE IT FURTHER RESOLVED, that one or more by-law enforcement officers appointed and designated under the Saint John Unsightly Premises and Dangerous Buildings and Structures By-law are hereby authorized to arrange for the demolition, in accordance with the applicable City purchasing policies.

### ***EXECUTIVE SUMMARY***

The purpose of this report is to advise Council that a Notice to Comply was issued under Part 13 of the *Local Governance Act* for the building at 1536 Loch Lomond Road. The hazardous conditions outlined in the Notice have not been remedied by the owner within the required time frame and staff is looking for authorization from Council to arrange the demolition of the building.

### ***PREVIOUS RESOLUTION***

## **REPORT**

Inspections of the property at 1536 Loch Lomond Road, PID# 312744, have revealed that there are three buildings on the premise; a single-storey, single family, wood framed house with a finished basement, a two car, wood framed garage, and a wooden shed. Staff first became aware of the property's vacancy in May 2018 and began standard enforcement procedures. The property is located in the City's East Side in a two-unit residential zone. The buildings are a hazard to the safety of the public by reason of being open, by reason of being vacant and by reason of dilapidation. The house and garage are a hazard to the safety of the public by reason of unsoundness of structural strength.

For the reasons described in the attached Inspection Report, a Notice to Comply was issued on December 4, 2018 and was posted to the building on December 5, 2018, as per section 132(3) of the *Local Governance Act* that outlines acceptable methods of service. As the property is abandoned, an Entry Warrant was required to conduct an internal inspection of the building. The Certificate of Registered Ownership lists an individual as the owner. The Notice provided the owner with 30 days to remedy the conditions at the property. The owner did not file a formal appeal and did not take remedial action to comply with the requirements of the Notice. A compliance inspection was conducted on January 7, 2019 which revealed that the conditions which gave rise to the Notice have not changed since the Notice was issued.

Attached for Council's reference is the Notice to Comply that was issued and the affidavit attesting to service on the owner via posting. Also included are photographs of the building. The *Local Governance Act* indicates that where a Notice to Comply has been issued arising from a condition where a building has become a hazard to the safety of the public by reason of dilapidation or unsoundness of structural strength, the municipality may cause the building to be demolished. As required in the Act a report from an engineer is attached, forming part of the issued Notice to Comply, and provides the evidence to the buildings' vacancy, dilapidation, unsoundness of structural strength and resulting hazard to the safety of the public. A copy of the letter advising of the Common Council Hearing date and affidavit is attached; it was sent to the owner via registered mail on December 28, 2018 and was posted to the building on January 2, 2019.

## **STRATEGIC ALIGNMENT**

Enforcement of the *Saint John Unsightly Premises and Dangerous Buildings and Structures By-law* aligns with Council's Vibrant, Safe City priority.

### ***SERVICE AND FINANCIAL OUTCOMES***

As is written in the *Local Governance Act* that a municipality must commence in the proceedings of remedial action, approval of Common Council is required prior to starting demolition activities at the property. Total cost of the demolition work is approximated at \$10,000 and will take about 3-5 weeks before it is complete. Staff will seek competitive bidding in accordance with the City's purchasing policy and the cost of the work will be billed to the property owner. If the bill is left unpaid, it will be submitted to the Province with a request for reimbursement.

### ***INPUT FROM OTHER SERVICE AREAS AND STAKEHOLDERS***

The City Solicitor's Office provided ownership verification by obtaining the Certificate of Registered Ownership for the property. Additionally, the City Solicitor's Office registered the Notice to Comply with Service New Brunswick's Land Registry.
